

We Welcome Children!

We are helpers at Dr. Fawcett's dental office and we can hardly wait to meet you!

You will love our new **Kids' Kave** with your very own TV and kid-sized chairs! You will also get to ride up and down in our "magic" chair. We will count all of your teeth and see how many you have. We might even take tooth pictures! And, we will show you how to take good care of your teeth.

When you are done you can pick a prize from our prize basket. Check out the website photo of us in our bright colored toothbrush sweatshirts so you know what we look like. See you soon!!

Your new dental friends,
Sarah, Tami, Becca, & Sara
